

Flap Barrier

SWI - SLIMLNE306

Overview:

Flap Barrier is the preferred choice for compact aesthetics. The SECUREWELL-SLIMLNE306 Flap Barrier has been thoughtfully crafted with design aesthetics in mind. The smooth, premium ss made houses with LED lights which effortlessly glide along the cabinet, guiding users from entry through authorization to the secured area. This product effectively detects tailgating, and the aesthetics can be easily adjusted to either blend in stand on or stand out, depending on your needs.
